Guy McInnis
Parish President

April 21, 2021

At its April 20, 2021 regularly scheduled council meeting, the St. Bernard Parish Council unanimously approved Resolution SBPC #[2124-04-21](#), "A Resolution opposing the proposed Mid- Barataria Sediment Diversion project". As Parish President, I join with the council in objecting to this proposed project. As the draft Environmental Impact Statement from the US Army Corps of Engineers confirms, this project will do irreparable harm to the wildlife and estuaries of St. Bernard and Plaquemines Parish, and therefore to our respective seafood and tourism industries. We respectfully request alternative projects be considered to rebuild our all-important coastlines in St. Bernard Parish, while preserving our economy, culture, and heritage.

Respectfully,
