BIWEEKLY PRESIDENT'S REPORT

To the Honorable St. Bernard Parish Councilmembers and Residents,

As we move into July, I want to take a moment to wish all of you a safe and happy Independence Day. This time of year, brings us together to celebrate the freedoms we enjoy and the strength of our community. It's also a time when we remain mindful of the summer heat and the ongoing threat of hurricanes and severe weather. To help beat the summer heat, St. Bernard Parish offers two splash pads for kids and families to enjoy. The first is located at the Val Riess Sports Complex in Chalmette, open daily from 9 a.m. to sundown., and is free for all visitors. The second splash pad, in St. Bernard State Park, is open Tuesday-Sunday from 8 a.m. to 7 p.m. There is a \$2 admission charge to enter the park, but access to the Splash Pad is free. It's located at 501 St. Bernard Parkway, in eastern St. Bernard Parish. Both of these facilities provide a fun and refreshing way to cool off. Please note that children should be accompanied by an adult for safety.

As always, St. Bernard Parish Government remains prepared and vigilant year-round, maintaining our pumps, canals, storm drains, and other infrastructure critical to keeping our parish protected. While our crews continue their work behind the scenes, we encourage all residents and business owners to take a few moments to prepare your property, clean out storm drains and ditches, secure any loose items, and have a plan in place in the event of an emergency. If you see an issue that requires Parish attention, please call us at (504) 278-4200 so we can address it. Your vigilance and cooperation are a vital part of keeping St. Bernard safe and secure through hurricane season.

We are pleased to welcome and congratulate the following businesses that were issued new or renewed permits in the past two weeks: **Prince Dump Truck Services, HSC Communications, Paris Casino, Ultimate Auto Glass, and New Orleans East Wellness Center.** We thank these businesses for choosing St. Bernard and wish them continued success in their ventures.

Public Reminder: In observance of Independence Day, all Parish Government offices and facilities will be closed on **Friday, July 4, 2025**. Trash pick-up will continue with no interruption on Friday July 4, 2025.

Public Works & Capital Projects Update: Several Capital Projects and infrastructure improvements are actively underway across the parish. In Old Arabi, the drainage project is nearly complete, with only one asphalt patch remaining. The Jean Lafitte path project is wrapping up as well, with final sod and soil leveling to be completed. At Val Reiss Park, the Tot Lot and Shelter improvements were both awarded to On Point and are awaiting signed contracts before construction begins.

Also, the waterline replacement on Cochrane is currently awaiting legislative signatures to finalize the grant funding. Drainage crews have been pouring concrete on Rosetta Street and anticipate finishing early next week, followed by sod replacement and clean-up. Work has also started on Nancy Drive and is expected to be completed by July 29th. A pre-construction meeting for the Farmsite-Torres drainage project is scheduled for July 3rd, with construction set to begin the following week.

Crews are making major progress on the Riverbend Force Main project. They've installed an air relief valve and manhole behind Jumonville, pulled 3,900 feet of 12" pipe from Debouchel to the Munster Plant, and another 1,200 feet of 18" pipe across the plant site. The next major pull will take place between July 7–11, running pipe from the pond to the Violet Canal. Meanwhile, on Lyndell Drive, 300 feet of 15" drain line is currently being replaced.
