President's Report

January 6, 2026

To the Honorable St. Bernard Parish Council and Residents,

As we begin a new year, I want to extend my sincere wishes for a healthy, safe, and prosperous 2026. I am grateful for the dedication of our parish employees and for the continued support and engagement of our residents. With a strong foundation behind us, we look ahead with optimism and a continued focus on progress, infrastructure, and service to our community.

Our Public Works Department continues to make steady progress across the parish. Crews recently completed approximately 900 feet of canal and ditch cleaning along the Bluebird Lateral Ditch, improving drainage capacity and system performance. Work continues across multiple capital and maintenance projects, including turf replacement at Val Riess Park on Fields 5 through 8, while concrete work at Val Riess is pending contract execution. Slabs have been poured at the Tot Lot and the Val Riess Shelter, marking continued progress on recreational facilities. Hyacinth removal operations are ongoing behind Meraux Lane, and work continues at the Farmsite/Torres Lift Station with crews addressing gravity lines and manholes. The Reggio Water Tower project has been completed, Fire Station #11 is currently awaiting materials, and crews are finalizing remaining punch list items at the Riverbend Force Main, with completion expected this week.

St. Bernard Parish will take part in several events commemorating the Battle of New Orleans, including:

- Thursday, January 8
Battle of New Orleans Commemoration Wreath Laying Ceremonies
 - Jackson Square (9:30 a.m.)
 - Chalmette Battlefield (11:00 a.m.)
